JT Sawyer, Author | Post-Apocalyptic Zombie Thriller Books

Highly contagious or transmissible disease and has the potential for very rapid spread irrespective of national borders, causing serious socio-economic or public health consequences. This term is used in the global setting, as nothing is technically exotic or foreign.

TEDA/EEDA Exam 1 Flashcards | Quizlet

The ICAO runway incursion definition (also adopted by the EU) is "any occurrence at an aerodrome involving the incorrect presence of an aircraft, vehicle or person on the protected area of a surface designated for the landing and take-off of aircraft."

European Action Plan for the Prevention of Runway Incursions

This study examines how new social categories and identities emerge within a post-incursion environment, where a biosecurity threat is perceptible but largely unknown. In this context, emergence refers to a natural occurrence where individuals socially align or cluster around key social properties (Thagard and Findlay 2012).

Emergence of social groups after a biosecurity incursion ...

Candida auris is an emerging global healthcare-associated pathogen. During July–December 2018, four patients with C. auris were identified in Victoria, Australia, all with previous overseas hospitalization. Phylogenetic analysis revealed putative transmission between 2 patients and suspected overseas acquisition in the others. Vigilant screening of at-risk patients is required.
