The French believe that taste is a skill that can be acquired (and should be taught), much like reading. In other words, picky eating isn't (barring medical issues) innate, but rather learned. They believe that children can learn to eat, and like, all kinds of food. And this is what they tell their children!

## **Amazon.com: Customer reviews: French Kids Eat Everything ...**

French psychologists and nutritionists discovered that taste has to be developed with at least seven to fifteen exposures to different foods before a child will willingly agree to eat them. With this perspective, the concept of a child (or adult) getting to taste a food once and have an opinion about it is UNACCEPTABLE!

## **Book Review: French Kids Eat Everything - Real Food Family**

— Karen Le Billon, French Kids Eat Everything: How Our Family Moved to France, Cured Picky Eating, Banned Snacking, and Discovered 10 Simple Rules for Raising Happy, Healthy Eaters  
“Opposition to food can’t persist if there is no opponent. In the face of a child’s refusal to eat, the best parental response is serene indifference.
