processes involve some degree of risk. Specific incidents in academic, industrial, and public settings emphasize the need for clear focus on safety throughout the chemistry enterprise.

Chemical & Laboratory Safety - American Chemical Society

When handling any toxic or hazardous agent, always wear the

Access Free Manual Of Laboratory Safety

appropriate gloves.

When performing
laboratory

experiments, you
should always wear a
smock or lab coat.

Before leaving the lab
or eating, always wash
your hands. After

performing an
experiment, you should
always wash your
hands with soap and
water.

Lab Safety Rules and Guidelines | Lab
