A realistic, socio-technical view of Project Management that focuses on human dimension rather than just the tools and processes used to manage projects. Structured to prepare for PMP (Project Management Professional) or CAPM (Certified Associate in Project Management) certification exams.

Project Management: The Managerial Process

As the market-leading textbook on the subject, Project Management: The Managerial Process is distinguished by its balanced treatment of both the technical and behavioral issues in project management as well as by its coverage of a broad range of industries to which project management principles can be applied. It focuses on how project management is integral to the organization as a whole. The ...
