How To Lie With Statistics 2 | Like4Book.com

How to Lie With Maps by Mark Monmonier. Summary. The purpose of this book is to promote a healthy skepticism about maps, not to foster either cynicism or deliberate dishonesty. In showing how to lie with maps, I want to make readers aware that maps, like speeches and paintings, are authored collections of information and are also subject to distortions arising from ignorance, greed, ideological blindness, or malice.

How to Lie With Maps by Mark Monmonier - The Rabbit Hole

" How to Lie with Maps continues to be inviting and readable, concealing detailed introductions to critical cartographic concepts beneath a veneer of humorous and casual prose...All maps lie, and Mark Monmonier continues to serve as an able guide for readers at any level to begin the process of informed cartographic interpretation and engagement."-- "Cartographic Perspectives"
