30 reviews of Ron's Frontend & Brake Service "Great company to work with. These guys were the most economical choice for our brake job and bent over backwards to get our job done on a tight timeline. They even stayed after hours to make it happen for us. What's more they did a check on our rear brakes as a courtesy since a competing shop told us they were due for replacement.

The Granada disc-brake front end can be used to upgrade 1963-and-up Falcon, Comet and Rancho; 1964-'73 Mustang and 1962-'67 Fairlane. This donor braking system can be found on the following cars: When installing this front-brake assembly, the outer tie-rod ends will need to be switched from the donor car.

Front disc brake conversion - Hemmings Motor News

Balance is crucial to a motorcycle's dynamics, and that's why most bikes have individual front and rear brake controls. Most experts agree that roughly 70 percent of braking effort should go to the front wheel, which uses the hand lever on the right grip, and 30 percent to the rear, which is operated by the right foot pedal.
