Otc Ball Joint Application Guide

The Ball Joint Application Guide is a manual that is used in conjunction with OTC ball joint adapters and "C" frame. The manual provides a Year-Make-Model lookup to determine which ball joint adapters are to be used with the "C" frame to remove and install ball joints. The manual includes a lookup chart that provides removal and installation adapter part numbers and an application diagram section with visual examples of how the tools are oriented for removal and installation.
