Plus, ManyBooks has put together collections of books that are an interesting way to explore topics in a more organized way.

Samsung Tv Guide Slow

The Channel Guide display is very slow. This has started happening within the last month or so. To reproduce the issue is quite simple: Open the Channel Guide (My tv has approximately 38 over the air channels) In the upper left corner, the busy icon is displayed while the tv attempts to place the current channel video in this window. While the busy icon is displaying, I try to scroll up/down or page up/down.

Using Channel Guide is very slow - Samsung Community - 1007344

I have a Samsung 6 series TV. When I use the channel guide it is incredibly slow as you scroll down all of the channels initially show no information, and the top left corner preview picture has that little swirly thing showing it loading. Once the little picture preview loads than the channel infor...

Channel guide so slow on Samsung 6 series TV! - Page 2 ...

Samsung/internet channels load and scroll smoothly in the channel guide. It's the over the air (OTA) channels where the channel guide fails and loading & scrolling is painfully slow. I've tried the using the guide with and without an internet connection and OTA channels still scroll slowly.

Using Channel Guide is very slow - Page 2 - Samsung ...

Yes the Samsung is slow to load the guide but there are many other alternatives like the internet, the Sunday paper with the weeks guide in it, mobile devices with a guide app on them. And if all else fails wait the few seconds it takes the Samsungs guide to work. User #168778 2039 posts.

Samsung - tv guide very slow - TVs

Whilst watching FTE (via TV aerial), when I press the Guide button, the set of 7 channels displayed at the bottom of the screen takes ~5-10 seconds to populate with information. When I scroll down a few channels, the EPG pauses for ~10 seconds whilst buffering/loading the next set of channel EPG data.

Hi All, I'm looking for a new TV, to be honest I thought this would be straight forward: "Go buy a Samsung". However on my housemates 55inch Samsung Smart TV which we have been using for about 6 months I find the EPG and channel changing functions are ridiculously slow and really frustrating/annoying.

Samsung All TVs - Explore 8k, 4k & UHD Smart TVs | Samsung US

Long story short, Samsung eventually junked that TV and gave us an in store credit. We ended up purchasing a 2019 Q70 because I just can't seem to get away from Samsung. Turns out the Q70 starts at a default setting of 100 milliseconds of delay. But like the other TV when streaming Dolby Digital I have to back to delay all the way to 0 and ...
