Tales From the Madhouse DVD at Christian Cinema.com

While Tales From The Madhouse is based on Gary Sidley's experiences within the British system, the material will have strong resonance for readers from other countries. Pharma-psychiatry is a multinational behemoth whose tentacles span the globe. Tales From The Madhouse is readable and outspoken. Its 211 pages constitute an unrefutable critique of psychiatry, and an insistence that fundamental change is long overdue.

Gary Sidley blends powerful examples from his life's work with wide ranging references from academic research to bring to light the failings of the established psychiatric system. The author's clear-headed and warm writing style makes Tales from the Madhouse a compelling read.

Tales from the Madhouse: An insider critique of ...

These are not tales of inspiration, but lessons of tragic failure and missed opportunities for salvation. Pain, loneliness, shame, despair, bitterness, selfishness - all of the dark corners of the human experience are revealed in the rooms of the madhouse.....rooms for which Christ is only a memory and no longer welcome.

Hi Don Thank you for your detailed feedback. I agree with much of what you say: the corrupting influence of big pharma; the real risk that innovation is co-opted; your desire for alternative peer support, self-help and implementation of the Power-Threat-Meaning Framework; and your doubts about whether we actually need professionals (I wrote an earlier blog about this very subject). I'm also ...
