### The Grand Strategy Of The

Grand strategy or high strategy is the long-term strategy pursued at the highest levels by a nation to further its interests. Issues of grand strategy typically include the choice of primary versus secondary theaters in war, distribution of resources among the various services, the general types of armaments manufacturing to favor, and which international alliances best suit national goals. With considerable overlap with foreign policy, grand strategy focuses primarily on the military implicatio

A grand strategy is a road map for how to match means with ends. It works best on predictable terrain—in a world where policymakers enjoy a clear understanding of the distribution of power, a solid domestic consensus about national goals and identity, and stable political and national security institutions. In 2020, none of that exists anymore.

### The End of Grand Strategy | Foreign Affairs

The grand strategy that, in the course of the Archaic Period (c. 800-479 BCE), the Lacedaemonians gradually worked out for the defense of this way of life was comprehensive, as successful grand strategies generally are. Of necessity, it had domestic consequences on a considerable scale.
