## **To Assure Equitable Treatment In**

To assure just and equitable treatment for the enterprise, skills, capital, arts and technology brought from one Member country to another. The member states were also advised to respect the rights of the host states to admit the foreign investments and to impose the conditions. But due to difference among states, the charter did not find success.

## **Fair And Equitable Treatment | Law Corner**

Fair and equitable treatment is currently the most important standard in investment disputes. Most treaties dealing with the protection of investments contain this standard. It seems to be invoked in the majority of cases brought to arbitration.

Treatment: Each person matters as an individual. Decisions and actions must consider the dignity and rights of the individual to be considered to be fair. Equitable treatment does not necessarily mean treating everyone the same. Treating people fairly may require different approaches that do not imply a lesser standard of performance.

that cost-sharing policies are equitable by, for example, preventing policies such as premium pricing based on existing health status or individual mandates from disproportionately excluding communities of color from care.

### **Recommendations for Ensuring Equitable Access and Quality ...**

Bilateral investment treaties (BITs) typically obligate a contracting country to grant "fair and equitable treatment" (hereinafter referred to as "fair treatment") to the investments of other contracting country's investors, such as their subsidiaries. In the past, the fair treatment obligation attracted scant attention due to the abstractness of the provision; such was certainly the case in Japan.
